

OFFICE FURNITURE WHOLESALE
STOCK REGISTRATION OF SMALL PARTS USING A COUNTING SCALE

COUNTING SCALES | KERN CKE

In the office furniture wholesale trade, small parts should always be available in stock for possible repairs and therefore the stock must be continuously recorded. The use of a counting scale is recommended here. Manually counting the individual parts is very time-consuming and often error-prone, especially when it comes to large quantities of small parts. A counting scale enables safe and error-reducing inventory taking or verification in a fraction of the time that would be required with conventional counting. This minimizes the amount of work and thus saves costs

Model	Weighing capacity	Readability	Counting resolution	Price
CKE 3600-2	3600 g	0.01 g	180000	€ 425.-
Suitable Accessories: <ul style="list-style-type: none">• DAkkS calibration certificate 963-127 - 963-127 - €103.-
