

TRANSPORT LOGISTIC COMPANIES  
WEIGHING PACKAGES CONTAINING SENSITIVE CARGO READY FOR SHIPMENT FOR INSPECTION AND FREIGHT DETERMINATION

PLATFORM SCALES | KERN SFE

When it comes to the safe distribution of sensitive freight, compliance with the highest security standards is the top priority. When the goods are received, the package will be weighed. This is used to calculate the freight costs and check the weight according to the delivery note, which is particularly important for packages with sensitive freight (e.g. pharmaceuticals). A scale with calibration approval is used here.

Model	Weighing capacity	Readability	Price
SFE 100K-2XLNM	150 kg	0.05 kg	€ 930.-
