

FORENSIC DEPARTMENTS
WEIGHING THE DEAD PERSON ON A DRIVE-THROUGH SCALE BEFORE THE AUTOPSY

FLOOR SCALES | KERN NXC

When conducting autopsies and taking stock of victims of violent crimes, the weight of the deceased is also an important parameter for forensic scientists. A drive-through scale is used here, with which the dead person can be weighed directly on the stretcher without having to be reburied.

Model	Weighing capacity	Readability	Price
NXC 600K-1M	600 kg	0.2 kg	€ 3,890.-
Suitable Accessories: <ul style="list-style-type: none">• DAkkS calibration certificate 963-130 - 963-130 - €215.-
