

RAIL VEHICLE MAINTENANCE  
WEIGHT CHECK OF THE FIRE EXTINGUISHER IN A RAILWAY WAGON

PLATFORM SCALES | KERN IFC

There is a fire extinguisher in every railway carriage. During an inspection, the fire extinguishers are checked for their fill level (50kg). A platform scale is used for this purpose. This regular weight check is required by law and protects against claims for compensation in the event of a fire breaking out.

Model	Weighing capacity	Readability	Price
IFC 60K-3	60 kg	0.002 kg	€ 550.-
<b>Suitable Accessories:</b> <ul style="list-style-type: none"><li>• DAkkS calibration certificate 963-129 - 963-129 - €153.-</li></ul>
