

POLICE SPORTS CLUBS
DETERMINATION OF THE ATHLETE'S WEIGHT FOR THE CLASSIFICATION OF THE FIGHTING CLASS

PERSONAL SCALES | KERN MPB

Since there are different weight classes in judo, it is important to determine the athlete's exact weight at the beginning. A bathroom scale with an easy-to-read display is used for this. This check is important to ensure that athletes only compete against each other in the same weight class.

Model	Weighing capacity	Readability	Verification value (e)	Price
MPB 300K100	300 kg	0.1 kg		€ 230.-
