

ICE-CREAM POWDER MAKERS
COUNTING PACKAGING QUANTITIES (PAPER BAGS, PLASTIC BAGS, ETC.)

COUNTING SYSTEMS | KERN CCS

Manufacturers who place packaging on the market should carefully check the quantity for registration with the packaging register. This can avoid unnecessary warnings. It is advisable to check the quantity of packaging because even small, light packaging can add up to a very high number over the course of a year. Counting scales can be used to count small and light packaging (paper bags, plastic bags, etc.).

Model	Counting resolution	Readout weight reference scale	Max weight quantity scale	Price
CCS 10K-6	3000000	1 mg	15 kg	€ 740.-
