

CENTRAL HEATING CONSTRUCTION COMPANY
CONTROL WEIGHING OF A 60KG CONTAINER WITH PCB-CONTAINING CONSTRUCTION WASTE

PLATFORM SCALES | KERN EOE

When removing old heating systems, materials containing PCBs must be stored or disposed of in special containers. These containers may weigh a maximum of 60 kg. For this reason, each container is weighed before being closed. Only then is the heating installation company protected against any possible damage reports.

Model	Weighing capacity	Readability	Price
EOE 150K50L	150 kg	0.05 kg	€ 290.-
Suitable Accessories: • DAkkS calibration certificate 963-129 - 963-129 - €153.-			

<https://partner.kern-sohn.com/Segment/B05E8>

* DAkkS calibrations are also possible on site
All prices plus VAT and shipping costs valid until 27.05.2026
