

METAL PROCESSING COMPANY
WEIGHING PALLETS

PALLET SCALES | KERN VHB

To correctly register pallets with the shipping company and avoid additional costs, precise weight recording is essential. Since their tare weight is not standardized, the total weight including the load must be determined precisely. KERN pallet truck scales enable this recording quickly and reliably directly in the outgoing goods area.

Model	Weighing capacity	Readability	Net weight	Price
VHB 2T1	2000 kg	1 kg	106 kg	€ 1,930.-
